

## DENTAL IMPLANT LIVE PATIENT PROGRAM

### **Dear Doctor,**

I hope this email finds you well. Below is a summary, which covers most questions regarding our Dental Implant International Live Patient Program.

#### **PROGRAM OVERVIEW**

This CE program is specifically designed to teach dental practitioners how to successfully approach and treat a wide range of dental implant cases on Live Patients. This CE program is funded by ITC CARES, a 501(c)(3) tax-exempt nonprofit organization. All costs associated with participation in this CE program are tax deductible donations that are directly used to fund this program.

#### **UPON COMPLETION, YOU WILL BE ABLE TO:**

- Provide diagnosis, prognosis, and properly sequenced comprehensive treatment plans.
- Apply the recommended guidelines for a safe and appropriate dental implant placement.
- Perform basic, intermediate, and advanced surgical implant placements with maximum confidence and competency.
- Perform comprehensive examinations, collect clinical data, and document the patient's dental and medical condition.

#### **WHY ITC SEMINARS?**

- We teach only inside Universities and authorized Dental Facilities.
- Our patients are guaranteed to be 100% restored.
- Our teaching ratio is 1:4 for optimum learning & dedication.
- This Live Patient Program is worth 40 CE hours and is certified by the ADA (CERP Certified), AGD (PACE certified), Dental Board of California, and Dental Board of Florida.
- We ensure scientific integrity and are free of commercial bias.
- All dental implant materials fulfill all international and local state, and government requirements to be used on live patients.

### PACKAGE INCLUDES:

- Unlimited implant supply
- Dedicated dental assistants
- Fully equipped dental stations
- Sterile setup and protocol
- Piezo Handpiece
- Bone grafting material
- Surgical instruments
- Surgical Kits
- Digital X-Rays
- 100% Participation
- 40 CE Credits

### SURGERIES PROMOTED

The following are the procedures you will perform in our Dental Implant Live Program:

- Incision and Flap Design
- Step by Step Implant Placements
- Extractions
- Socket Preservation
- Immediate Implant placement
- Growth factors (PRP/PRF/IPRF-sticky bone) preparation techniques
- Suturing Techniques
- Bone Grafting

### WHAT TO EXPECT ON THIS SEMINAR?

You will encounter various kinds of dental implant cases and surgical situations. The number of procedures you will perform will depend on your skills and past surgical experience as evaluated by our instructors via your admissions application. Nevertheless, Doctors are expected to see between 3-4 patients per day.

Every morning before the program starts, we have a short lecture and a meeting with all the doctors to evaluate and review the treatment plan and medical history for the patients that you will be treating that day. In that moment, with the X-Rays in hand, we evaluate the cases and decide the best treatment plan and approach for each patient.

### FACULTY

You will have the advantage of being trained by oral/maxillofacial surgeons and Implant Specialist. Our faculty has been involved in dental humanitarian missions, academic exchanges, and specialized in the field of oral implantology for more than 15 years. Please click [HERE](#) to learn more about our Faculty.

### SCHEDULE

The program is 4 full days. The first day will consist of Lectures and hands on workshops on suturing techniques and dental implant placement on models. The following 3 days are dedicated to Live Patient Surgery. We require that you arrive to the course destination one day before the start of the course.

#### HOW TO APPLY:

- Complete the Admissions Application to determine your eligibility in the Dental Implant Live Patient Program (please click on the following link to access the [Admissions Application](#))
- Fill out the CE Course Registration Form upon offer of admission.

Please do not hesitate to contact me. I will be glad to answer all your questions.

I look forward to speaking with you.

Best Regards,

**Alex Lopez**
