

DENTAL IMPLANT LIVE PATIENT PROGRAM

Dear Doctor,

I hope this email finds you well. Below is a summary, which covers most questions regarding our Dental Implant International Live Patient Program.

PROGRAM OVERVIEW

This CE program is specifically designed to teach dental practitioners how to successfully approach and treat a wide range of dental implant cases on Live Patients. This CE program is funded by ITC CARES, a 501(c)(3) tax-exempt nonprofit organization. All costs associated with participation in this CE program are tax deductible donations that are directly used to fund this program.

UPON COMPLETION, YOU WILL BE ABLE TO:

- Provide diagnosis, prognosis, and properly sequenced comprehensive treatment plans.
- Apply the recommended guidelines for a safe and appropriate dental implant placement.
- Perform basic, intermediate, and advanced surgical implant placements with maximum confidence and competency.
- Perform comprehensive examinations, collect clinical data, and document the patient's dental and medical condition.

WHY ITC SEMINARS?

- We are the only Dental CE provider in the world to have academic exchange partnerships with International Universities. All of ITC Seminars' Live Patient Programs are taught and led inside Universities.
- Thanks to our joint partnership with International Universities, all course participants receive a provisional temporary dental license to be able to treat patients internationally and for protection from any liability. We are the only Dental CE Provider to provide course participants with legal authorization and a temporary license to practice dentistry internationally.
- Our International Live Patient Programs are limited to only 6 participants for maximum training, supervision, guidance, and course participation.
- Our teaching ratio is 1:2 for optimum learning & dedication.

- Our patients are guaranteed to be 100% restored. All course participants will receive a follow up report that includes images of all the cases they treated during the course fully restored.
- This Live Patient Program is worth 40 CE hours and is certified by the ADA (CERP Certified), AGD (PACE certified), Dental Board of California, and Dental Board of Florida.
- All participants will be evaluated by our faculty throughout the entirety of the program to highlight and reinforce growth edges and ensure maximum confidence and competence in dental implant treatment planning and implant surgery upon graduating from the program.
- We ensure scientific integrity and are free of commercial bias.
- All dental implant materials and components fulfill all international, local, state, and government requirements to be used on live patients.

PACKAGE INCLUDES:

- Unlimited implant supply
- Dedicated dental assistants
- Fully equipped dental stations
- Sterile setup and protocol
- Piezo Handpiece
- Bone grafting material
- Surgical instruments
- Surgical Kits
- Digital X-Rays
- 100% Participation

SURGERIES PROMOTED

The following are the procedures you will perform in our Dental Implant Live Program:

- Incision and Flap Design
- Step by Step Implant Placements
- Extractions
- Socket Preservation
- Immediate Implant placement
- Growth factors (PRP/PRF/IPRF-sticky bone) preparation techniques
- Suturing Techniques
- Bone Grafting

WHAT TO EXPECT ON THIS PROGRAM?

You will encounter various kinds of dental implant cases and surgical situations. All patients are preselected, screened, and evaluated in advance for each course participant. Participants will be expected to treat between 9-12 patients during the course.

Every morning, on the days of live patient surgery, we have a short lecture and a meeting with all the doctors to evaluate and review the treatment plan and medical history for the patients that you will be treating that day. In that moment, with the X-Rays in hand, we evaluate the cases and discuss the best treatment plan and approach for each patient.

FACULTY

You will have the advantage of being trained by oral/maxillofacial surgeons and Implant Specialist. Our faculty has been involved in dental humanitarian missions, academic exchanges, and specialized in the field of oral implantology for more than 15 years. Please click [HERE](#) to learn more about our Faculty.

SCHEDULE

The program is 4 full days. The first day will consist of Lectures and hands on workshops on suturing techniques and dental implant placement on models. The following 3 days are dedicated to Live Patient Surgery. We require that you arrive to the course destination one day before the start of the course.

HOW TO REGISTER

Please provide the following items via email to itgolive@gmail.com or fax to (949) 460-0042.

1. Copy or resume/cv
2. Copy/picture of your Dental School Diploma/Certificate
3. Copy/picture of valid dental license
4. Copy/picture of valid CPR certification
5. Complete the online surgical survey via the following link: <https://forms.gle/LXfyfAGdoRg2cngh6>
6. Complete course registration forms (provided upon completion of items 1-5)

These documents must be completed and submitted to ITC Seminars to reserve your seat in the Live Patient Program and for the local Dental University to provide you a temporary dental permit that will allow you to legally practice dentistry under the country's jurisdiction.

Please do not hesitate to contact me. I will be glad to answer all your questions.

I look forward to speaking with you.

Best Regards,

Alex Lopez
