***For Tracks 1-3, you are never locked in to the guaranteed implant range.** You may choose to add anywhere between 1-10 additional implants beyond your registered Track during your time at the course (for an additional fee), allowing you to expand your surgical experience based on your skills and progression. Therefore, you have the benefit of initially enrolling in a lower priced Track, such as Track 1 at \$6,500 without committing upfront to a higher-priced track, while still having the opportunity to add more implants during the course.

Tuition Includes

- 4-day course at the Dental University composed of:
 - 1 full day of lectures, hands on workshops, and case presentations/treatment planning.
 - 3 full days of tailored live patient surgeries.
 - 1:1 instructor to participant ratio for all cases within your track, allowing for maximum guidance, training and focused mentorship.
 - Lunch (during the 3-days of surgery).
 - 40 CE hours accredited by the ADA, AGD, Dental Board of CA and FL.
 - Temporary dental license issued by the university in order to treat patients in the host country during the course.
 - All course materials; including dental supplies, learning materials, surgical instruments, implants, kits, motors.
 - No partnering or sharing patients within your Track with other participants. Each doctor is assigned their own pre-screened and pre-selected patients and performs all surgeries themselves under direct faculty supervision.
 - Dedicated course instructors and personal dental assistants.
 - Provision of all patients prescreened and preselected specifically for each doctor.
 - Local transportation between University and Hotel (4-days).
 - Ongoing 1:1 mentorship after the course.
- Note: airfare and hotel accommodations are **not** included.
